

2012 Annual Midwest Crane Count Totals

Learn more at cranecount.org

The 2012 Crane Count was our first year partnering with eBird, and we believe that it has worked very well! The data are slightly different from years' previous, but the cranes continue to be tallied, thanks to a flock of dedicated County Coordinators and their Crane Counters – thank you!

Below are tables summarizing the 2012 Crane Count. New this year is the column totaling the number of bird species recorded. This is an exciting new component of our data thanks to our use of eBird for data entry. The data set in eBird that these observations contribute to will help in the conservation of all birds, and is valued.

SACR = Sandhill Cranes

WHCR = Whooping Cranes

2012 Totals

State	# of Counties	# of Observers	# of Sites	# of SACR	# of WHCR	# of Species
Wisconsin	64	1569	895	9750	14	151
Minnesota	8	46	30	138	0	51
